CHURCH ON FIRE.

The First Presbyterian Narrowly **Escapes Destruction.**

Shortly after 11 o'clock last night an alarm sent the firemen to the First Presbyterian Church.

In some manner the floor of the basement-room had caught from one of the heaters; and it is said that several persons who were present at a service in the early part of the evening smelled the smoke.

When the firemen arrived the entire building was filled with smoke, and it was with difficulty that they reached the fire.

Before the flames were subdued a large hole burned in the floor and the heater fell through to the ground.

The loss will depend largely upon the damage by smoke and "sweating" afternoon at 3 o'clock. All men cor- to the handsome furniture and frescoing of the main room overhead, which cannot be estimated as yet.

It is thought, however, that \$1,000 will cover the loss, which is fully protected by an insurance of \$11,500-\$2,500 in the London and Liverpool and Globe, \$3,750 in the London and Lancashire, \$2,500 in the Royal, \$1,250 in the Germania of New York, and \$1,500 on the new organ in the London and Liverpool and Globe-through the agencies of Dr. J. T. Fleming, Captain Thomas J. Pickett and W. R. Warder respectively.

There is more Catarrh in this section of the country than all other diseases put together, and intil the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies and by constantly falling to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Chency & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from ten drops to a tempeonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it falls to cure. Send for circulars and testimonials. Ad-F. J. CHENEY & CO., Toledo, O.
